25X1 25X1 25X1	Comment. The shipments were probably connected with the transfer of the fighter regiment from Neuruppin. On 14 October 1951, the fighter unit from Neuruppin
25X1 25X1	was transferred. The present report indicates that the fighter regiment probably left the Soviet Zone of Germany.  Comment. The reported shipments supports the information in paragraph 1. It has not been determined whether one or two trains
25X1 25X1 25X1	left Neuruppin on 13 October 1951. However, it is believed that two trains were concerned since the trains reported consisted of a different number of cars.
25X1	for Alt-Loonnewitz airfield. The reported shipment from Halle toward Anger- muende cannot be explained.
